

ABE DYNAMIC SOLUTIONS SDN BHD

COMPANY PROFILE

Training Provider

About Us

ABE DYNAMICS SOLUTIONS is a registered company in Malaysia since 2015. We offer high-quality practical training to government agencies, corporate clients, private sectors, individuals and also international clients.

We provide a comfortable learning space to ensure effective delivery, quality and easy interaction with the

instructor so that you receive learning experiences that are fun and satisfying.

“Learn While Making” is our main training concept which helps the participants to comprehend and memorize the knowledge more effectively so that the new skills can be more applicable at the workplace.

Our Core Values

Our core values serve as a compass for our actions and corporate behaviour.

Customers First

Accuracy

Commitment

Innovation

Honesty

Our Mission

Our roadmap starts with our mission, which is enduring. It declares our purpose as a company and serves as the standard which we weigh our actions and decisions.

- To empower clients with the knowledge that shapes and directs their business pathways
- To empower businesses with System and Development services that meet their needs
- To provide quality services that meet regulatory standards and improve the standard of services
- To ensure flexibility by delivering varying packages that meet the dynamic needs of clients
- Creating a learning environment that provides an innovative and exciting learning experience for all learners and staffs

Our Vision

To be the preferred and most trusted client -focused training provider; thus providing training and development that meets each company's goals and aspirations.

Our Strength

We are the Swiss army knife of training providers- You need it, we have it! Over 10 years of experience, we have built an extensive network of trainers and consultants. This gives us access to an unparalleled breadth and depth of training expertise. We are committed to develop your human resource needs through Constant training, Quality consultation, Innovation & Creative thinking.

Our specialty is our ability to tailor made a training program base on your organizational needs. This includes training duration and location of training. Training could also be conducted remotely in view of current pandemic situation. Through extensive industry experience, we have the competitive advantage of accumulating various resources which enables us to dip our hands into unique projects.

Hand-picked trainers & learning materials will be conscientiously selected to provide you with the best learning experience. These are our organization's strengths which have been hone & built through the years with a primary focus to serve our Customer's Needs:
